2

Robotic Ball Activate

Place Robotic ball on the floor and find its center of gravity at the first use time.

Place it on the charger base for activating.

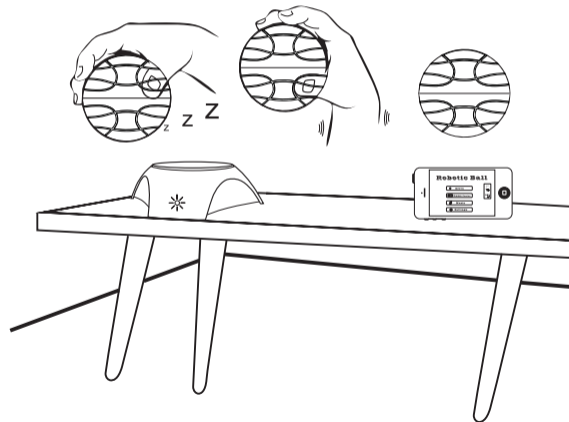

3

Robotic Ball Connect App

When out of charger base, Robotic Ball is asleep. Keep shaking for two seconds to wake it up.

A green check mark in the upper right corner to indicate the Bluetooth connected.

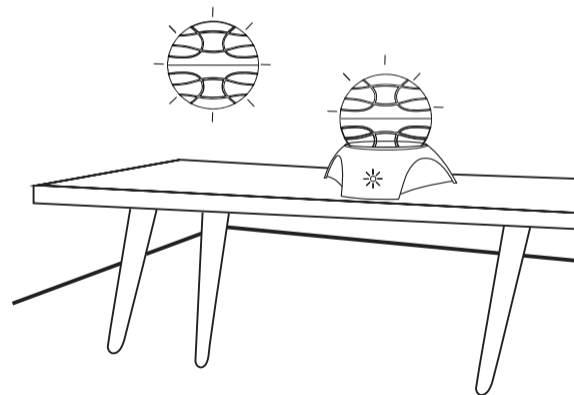

4

Robotic Ball Charge

After continuously used for about three hours, Robotic Ball will flash red light indicating the battery is low.

Keep the center of gravity of Robotic Ball downward and put it on the charger base. The blue light inside the charger base begins to flash.

## Robotic ball II

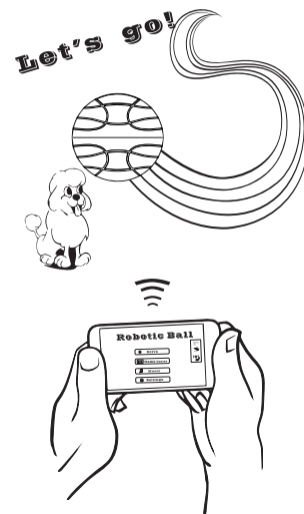

## 5 Robotic Ball Fully Charged

When fully charged, the ball shuts off the light automatically. At the same time, the blue light inside the charger base is on but not flash.  
When fully charged, the ball will automatically disconnect to protect itself.

## 6 Robotic Ball Notes on Use

- Make sure children play it with adults being around. Do not chew, throw or play it aggressively in case anybody gets hurt.
- Charging should be done by adult and be careful.
- When playing with it, stay far away from heat or fire.
